Borrego Solar and Bentek Solar Announce 25MW Solar Supply Agreement

SAN JOSE, CA — May 2011 – Borrego Solar, a leading financier, designer and integrator of [commercial and utility scale PV solar systems](#), and Bentek Solar, a leader in Balance of System (BOS) design and manufacturing for commercial and utility scale solar PV products, jointly announce a 25MW supply agreement. Bentek Solar will supply a range of disconnecting combiners, re-combiners, and disconnect safety systems to Borrego Solar for use on its commercial and utility scale projects.

“We are pleased to partner with Borrego Solar to provide cost effective large-scale PV solutions for the commercial marketplace. We look forward to meeting their customers’ needs with high reliability, high quality Balance of System (BOS) PV solar products,” said Mitch Schoch, President and CEO of Bentek.

“Balance of System products are proving to be one of the most important elements to scrutinize in a solar power installation,” said Chris Anderson, CTO of Borrego Solar.

“We have done our due diligence on BOS providers, their market ready solutions and future product roadmaps, and are thrilled to be partnering with Bentek Solar. Their products are well designed, well made, and cost competitive. We look forward to a continuing relationship with Bentek Solar and extending their cost-saving solutions to our customers.”

Mitch Schoch, President & CEO of Bentek Solar, and
Chris Anderson, CTO Of Borrego Solar

About Bentek Solar

Founded in 1985, Bentek is a leader in manufacturing and engineering solutions for complex electro-mechanical and power distribution systems for the semiconductor and solar industries. Bentek has applied these extensive capabilities and knowledge into a comprehensive family of standard and configure-to-order (CTO) solar combiner products. These solar combiners provide quality, ease of installation and safety to the solar industry. For more information, contact Bentek Solar at 866-505-0303, e-mail JohnB@bentek.com or visit www.BentekSolar.com.

About Borrego Solar

Established in 1980, Borrego Solar Systems, Inc. is one of the nation's leading financiers, designers and installers of commercial and government grid-connected solar electric power systems. Borrego Solar's photovoltaic systems are efficient, reliable and cost-effective. With more than three decades of experience and more than 1,000 installations completed—totaling more than 35 MW—Borrego Solar offers a complete line of design and installation services throughout California, New England, and the Mid Atlantic.
