Q211 Announcement

Bentek Solar Launches Several New Solar Products

April 2011 –Bentek Solar, a leader in the design and manufacturing of Optimized Configure-To-Order (CTO) Commercial and Utility Scale solar products announces several new solar products.

Based on the aggressive growth and overall market acceptance for our Solar Products Bentek Solar has announced several new solar products for shipment this quarter. The new extended family of solar products accommodates both 600VDC and the growing 1000VDC marketplace.

Bentek Solar new solar products include:

- Bi-Polar combiners and Re-combiners for Bi-Polar inverters
- Circuit Breaker commercial and utility scale Re-combiners
- Multiple Disconnect Safety Systems (MDSS and CBSS)

These new solar products and cut sheets can be viewed on our new extended website at www.BentekSolar.com said John H. Buckley executive sales and marketing at Bentek Solar.

About Bentek Solar

Founded in 1985, Bentek is a leader in manufacturing and engineering solutions for complex electro-mechanical and power distribution systems for the semiconductor and solar industries. Bentek has applied these extensive capabilities and knowledge into a comprehensive family of standard and configure-to-order (CTO) solar combiner products. These solar combiners provide quality, ease of installation and safety to the solar industry. For more information contact Bentek Solar at 866-505-0303, or on the Web at JohnB@bentek.com or www.BentekSolar.com.
