**Bentek Solar announces they will be supplying Schneider Electric with Solar Re-combiners for a 60MW solar installation**

**SAN JOSE, CA — June 2010** – Bentek Solar, a leader in manufacturing and engineering solutions for complex electro-mechanical and power distribution systems for the semiconductor and solar industries, announces that Bentek Solar will be supplying Schneider Electric with Solar Re-Combiners for a 60MW solar project in Ontario, Canada.

“We are pleased to work closely with Schneider Electric in support of this important PV installation. Bentek combiners are teamed with Schneider inverters to provide the user with a reliable and efficient solution to meet their requirements,” said Mitch Schoch President and CEO of Bentek Solar.

“Bentek Solar’s line of solar re-combiners are Configured-To-Order to meet the specific needs of this Schneider Electric 60MW solar farm project. We’re leading the way in providing innovative solutions to the safety disconnect requirements that are evolving in the solar industry,” said Jim Peplinski, Chief Technology Officer of Bentek Solar. “

For more information about Bentek Solar’s combiners or to view online data sheets, please visit [www.BentekSolar.com](http://www.BentekSolar.com).

###

**About Schneider Electric**

Is a global specialist in energy management with operations in more than 100 countries, Schneider Electric offers integrated solutions across multiple market segments, including leadership positions in energy and infrastructure, industrial processes, building automation, and data centers/networks, as well as a broad presence in residential applications. Focused on making energy safe, reliable, and efficient, the company's 100,000+ employees achieved sales of more than 15.8 billion Euros in 2009, through an active commitment to help individuals and organizations “Make the most of their energy”.

**About Bentek Solar**

Founded in 1985, Bentek is a leader in manufacturing and engineering solutions for complex electro-mechanical and power distribution systems for the semiconductor and solar industries. Bentek has applied these extensive capabilities and knowledge into a comprehensive family of standard and configure-to-order (CTO) solar combiner products. These solar combiners provide quality, ease of installation and safety to the solar industry.
